Don't see your insurance on the list? Call Us Today to find out!

Referrals and Authorizations

Sleep Studies may require referrals and/or authorizations.

- If the patient is seen at the NYSDC for an initial consultation with a valid insurance referral, then we can obtain authorization directly from the insurance.
- If the patient is referred only for a sleep study, then the Primary Care Physician's Office may need to obtain authorization.
- We will obtain authorization for sleep studies with a valid referral to the NYSDC for consultation.
- If your office calls in for an authorization, please only mention Mohammad Basit, MD., PC

New York Sleep Disorder Center providing patients Quality Sleep You Need since 2005!
